NATURA

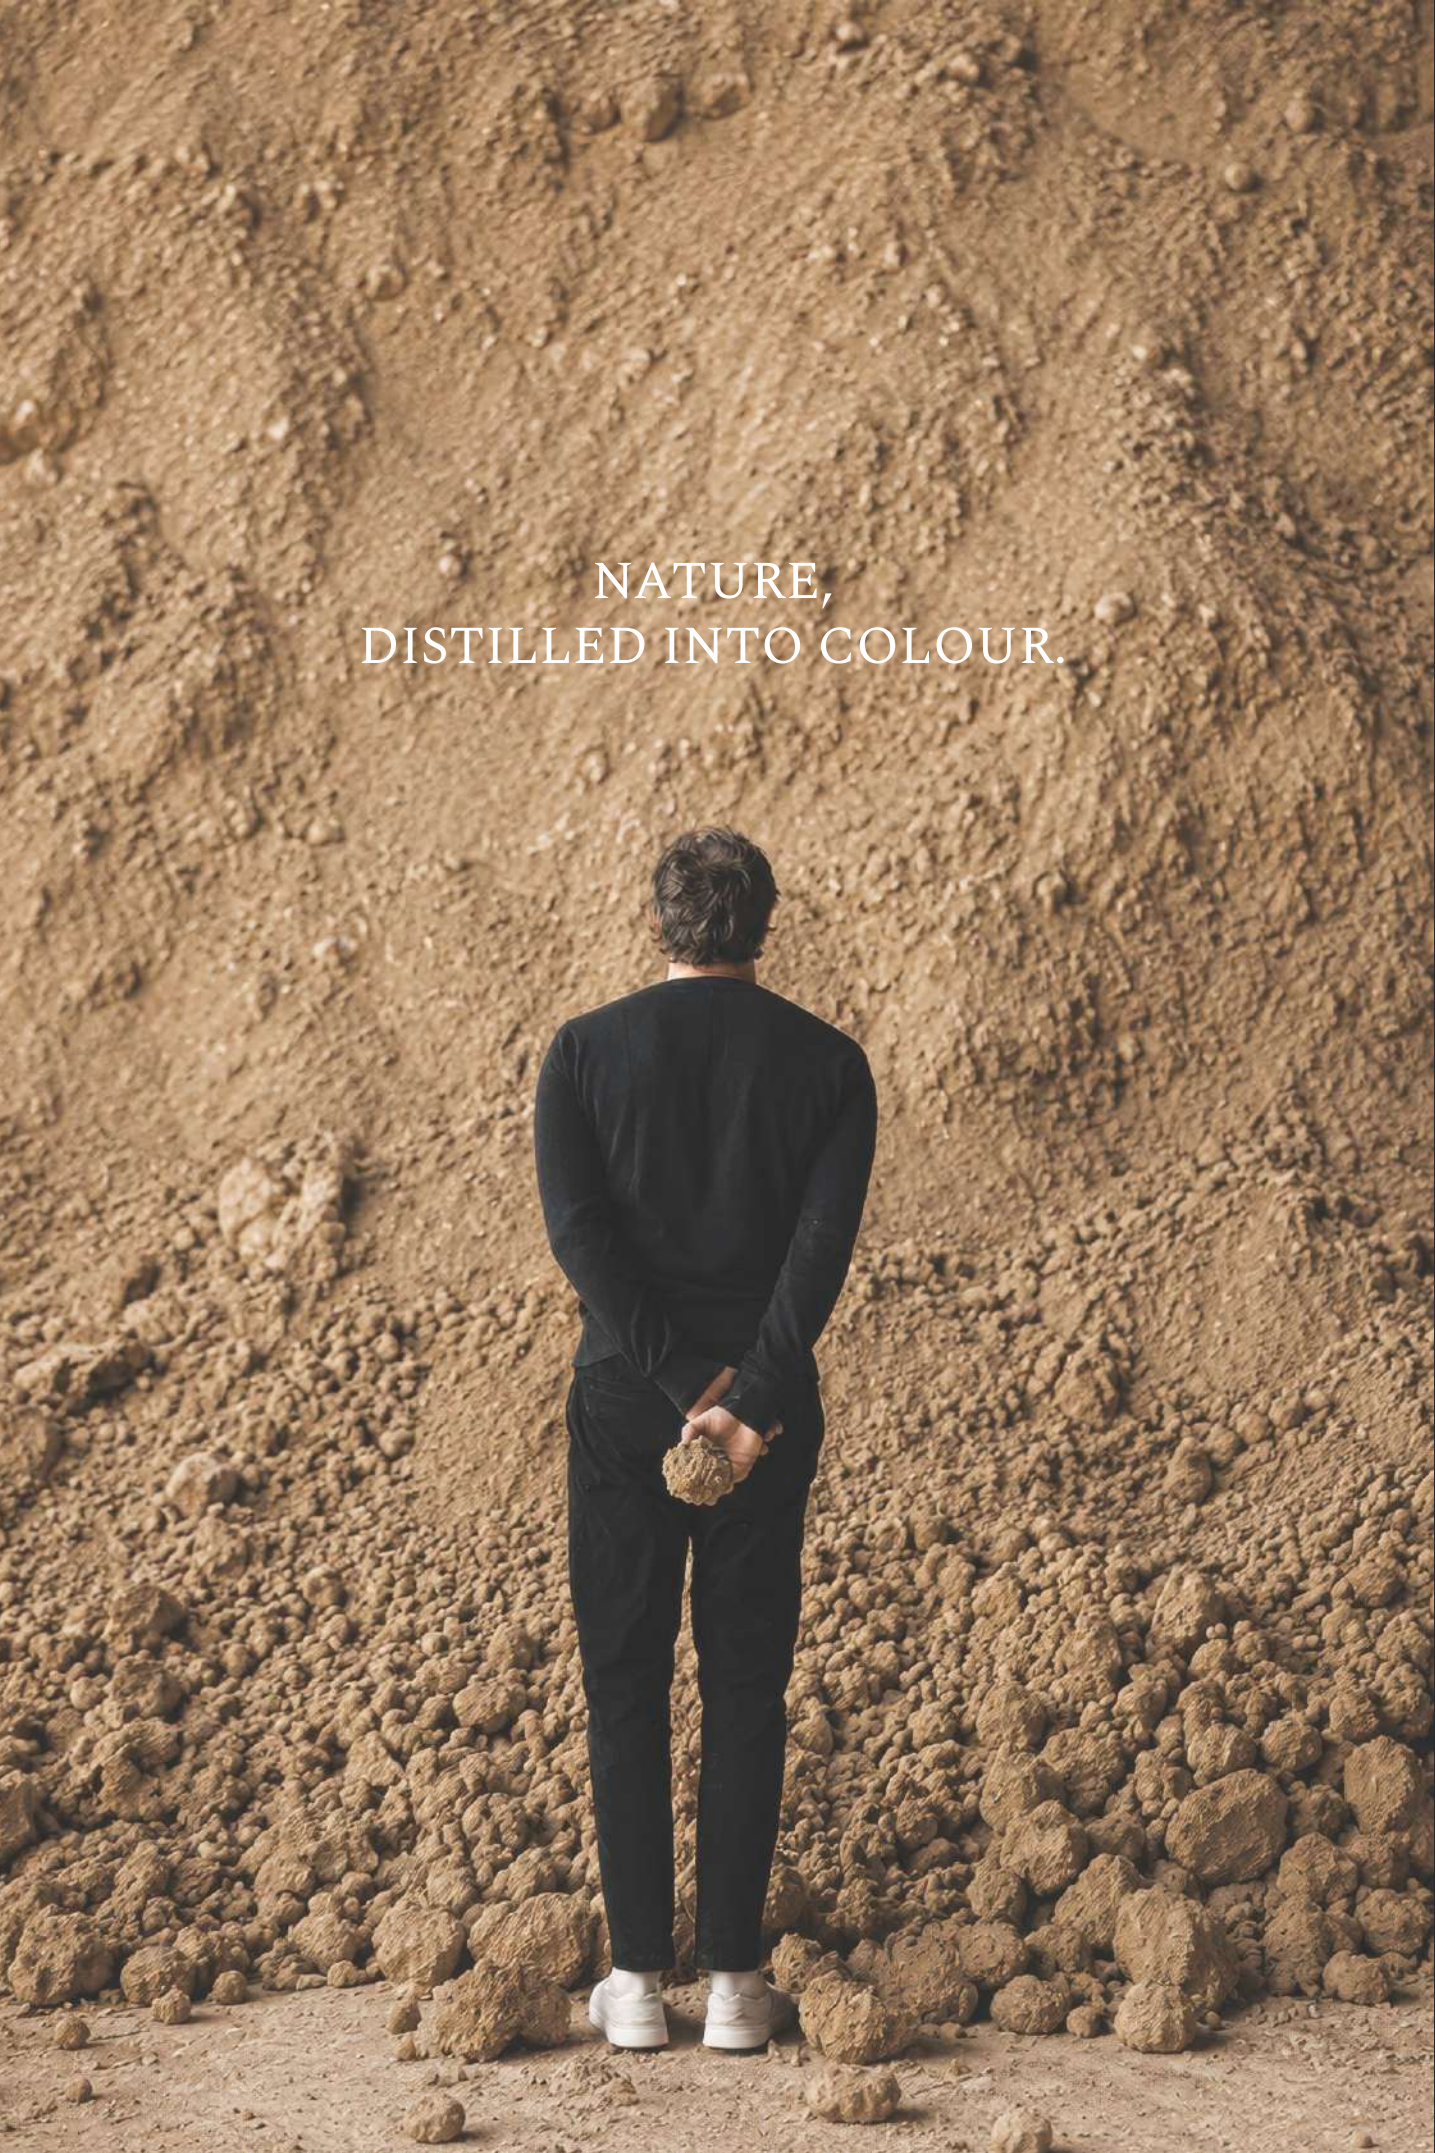

WHY NATURA?

“Nature, refined into architecture.”

Natura is a premium full body porcelain surfaces brand by ITOLI Granito LLP, dedicated to creating architectural materials inspired by nature's timeless beauty.

Every collection is developed with a commitment to material authenticity, exceptional durability, and refined simplicity. Through innovative full body porcelain technology, Natura transforms the character of natural minerals and stone into surfaces that are built to perform and designed to endure.

NATURE,
DISTILLED INTO COLOUR.

BEHIND EVERY COLOUR, A STORY UNFOLDS.

The Palet Collection captures the quiet beauty of nature through a curated palette of refined, full body porcelain colours. Inspired by natural minerals, soft earthy tones, and timeless landscapes, each shade is designed to create spaces that feel balanced, warm, and enduring.

Minimal in appearance yet rich in character, Palet celebrates the harmony between simplicity and sophistication. Every colour is carefully developed to stand confidently on its own while pairing effortlessly with the rest of the collection, giving architects and designers complete creative freedom.

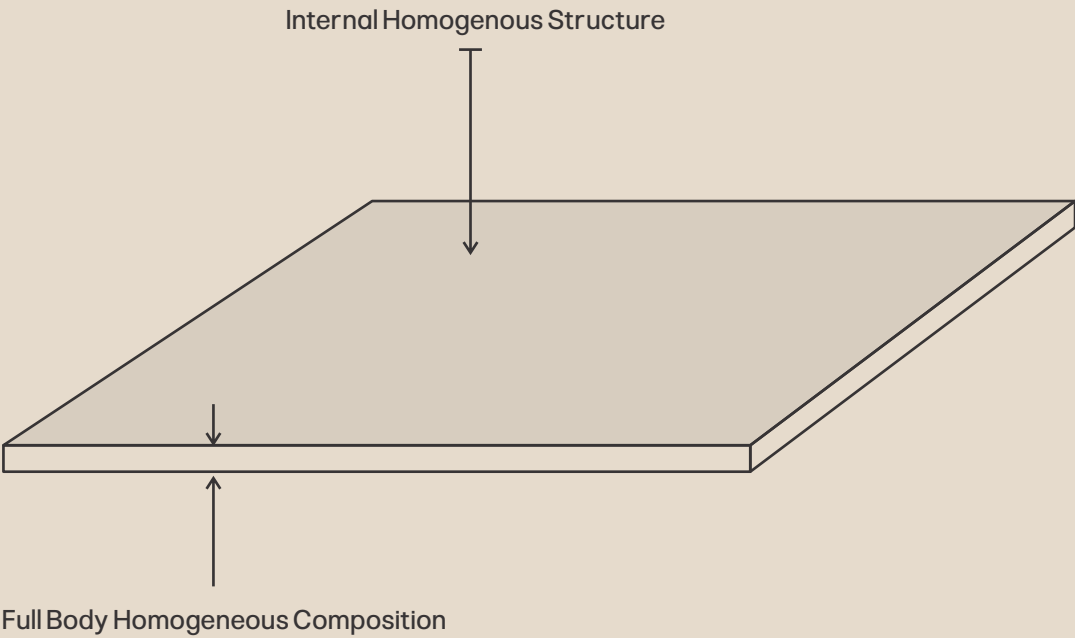

From subtle neutrals to deeper earthy tones, the collection offers a versatile foundation for contemporary architecture and interior design. Whether defining a serene residential environment or a bold commercial space, Palet adapts seamlessly to every design vision.

True luxury lies in restraint. In the purity of colour, the honesty of material, and the enduring beauty of thoughtful design. Palet embraces these principles, creating surfaces that remain relevant, elegant, and timeless.
